[Music] foreign in the precious name of Jesus welcome to the 14th day of the first as we gradually arrive at the conclusion welcome online members non-line viewers habakkuk chapter 2 from verse 1 all the way to verse 3.

I will stand upon my watch and set me upon the tower and I will watch to see what he will say unto me and what I shall answer when I am reprov'd and the Lord answered me and said write a vision make it plain upon tables that he may run that read at it for the vision is yet for an appointed time but at the end he shall speak and not lie though it tarry wait for it because it will surely come it will not tarry the Lord bless his word in Jesus precious name subject this morning is accessing vision accessing vision our objective is understanding what it takes to arrive at vision we already saw the way of vision the vision process but what does it take to arrive at vision there are many people today who want to live the life of vision or live by vision they want to live on purpose but they sincerely do not know how to arrive at vision what do I spend my life pursuing how do I know what to place in front of me how do I avoid the tragedy of random living the tragedy of child's existence how do I know where to direct my time direct my energy direct my resources and not waste them I am going to give us five channels of accessing vision the channel **number one is Direction from the Lord** Direction from the Lord I will stand upon my watch and I will watch to see what he will say to me direction from the Lord may arrive in the form of a dream as it was with Joseph when he dreamed a dream in Genesis chapter 37 from verse 5 all the way to verse 9.

the dream that was showing him his future the dream that was showing him what he was going to do with his life it may also arrive in the form of a voice like the voice of God that spoke to Saul of tamos in Acts chapter 9 verse 3 to 6. we saw Johnny and came near Damascus and suddenly they are shined round about him a light from heaven and he fell to the Earth and every voice that voice was giving him direction of what he wants to do with his life direction for his vision in my coming form of that kind of a dream in my coming form of that kind of a voice voice of the spirit voice that is Audible or anywhere the Lord chooses to speak to a person Direction can come through any Avenue that the Lord chooses to speak to a person my calling to the ministry came by direction from the Lord I came to the point in my life where I knew that my life must go in a certain direction I didn't know which direction go towards further medical trainings and practice Ministry what am I to do and I went before the Lord and he spoke to me and began to say that what he called me for what he's been telling me about years ago like 10 years or more the time for that thing has come and so on and so forth that is why we are here this morning I want to say that of all the channels in which a person may have sex access vision or access their purpose for life **direction from the Lord is the most critical part for Ministry** that is if it is the call unto preaching on to pastoring God must give direction it must be spoken it must be seen it's not something to be assumed it's not something to be inferred we

look at the place of potentials later but that is not valid here nobody can say I know how to talk so I'm a pastor or a preacher no it has to come from Direction from the Lord that is number one

number two of those channels is revelation from the word Revelation from the word where you are studying the word of God and you began to see something from the world I like to say that the scripture itself makes it clear that Beyond reading the word and hearing the word we can see the world Beyond reading the word Beyond here in the world you can see the world or see something from the world habakkuk chapter 2 verse 1 that was what he said I will stand up on my watch and I will watch to see not just to hear I will watch to see what he will say so when God is speaking he expects us to see in Jeremiah chapter 2 and in verse 31 Jeremiah chapter 2 and in verse 31 he said all generation see the word of the Lord not just hear the word see the word in first Samuel chapter 3 and in verse 21 the Bible said the Lord appeared again in Shiloh for the Lord revealed or showed himself to Samuel by the word of the Lord so when God speaks he expects us to see something in this case out of the word of God a vision can be bettered you knew something to do something became a picture to you from the scripture something became clear to you a purpose became clear in a real one Church in those days I looked at the scripture of Mark chapter 2 verse 1. and I saw that Jesus was in the house and it was noised abroad that he was in the house and many were gathered together there was no room to receive them not so much as about the door and he preached to them from that scripture I caught a vision I just saw a vision that Jesus is in the house there will not be room to carry the people he said where two or three are gathered I am there and so is there and if he's there then there's no room so before the sanctuary was ever filled any at to any extent I put you we put chairs outside for the people that will be outside who that have not come at all that is why I'm aware that to run overflow Services here multiple times shortly that's happened before over and over again am I communicating people are not anywhere we put chairs outside for a long time chairs were outside empty their Sanctuary was not yet filled and suddenly the vision became reality they began to come and the sanctuary God filled and then the Overflow God filled under the premises God filled and then outside the fence got filled and then when we got fulfilled and with our lives were two that flag became too small for us we moved here and very soon this place will also become too small for us every time it was a it was a visual time I was under pressure because crowd was everywhere crowd was on the road and the prayer apart from praying for the people to be free was that the rain should not fall on the people and the Navy was every month so during rainy season I don't know how God helped us during rainy since it was there but that was the vision you see that is how the scripture can give you the picture of your future that you can capture in order to feature you are the one who arranging the chairs outside you saw it do you understand what I'm saying that is how the the scripture can give you the picture that you will use to venture in order to capture the future that you will feature in somebody say hello amen somebody say louder amen somebody say louder hey man somebody shout the Lord must say man oh Lord open my eyes to behold wanders out of your world help me to see something help me to see something and it can be something about your life your assignment your future your job it can be something about even your health in please take your seat Matthew chapter 8 verse 17. you see himself took my infirmity saw that from scripture that it might be fulfilled which was spoken by Isaiah the prophet saying himself took he said that t-o-o-k he saw it physically come here help me with his mind he saw himself as if he was carrying something on his body and himself took you say as if he saw it physically he took hold he said if he has taken then he cannot be there he took it no devil has untaken it from him he said that to what took he saw it talk so on the basis of the fact that took it has been taken permit me the way I would like to see it has been taken that is past tense of the past you say I don't have it I can have it on the base of that is not planning to be sick he can't be sick because he when he spoke

he saw it many of us read it but we never saw it I hear what I'm saying you read it the challenges you didn't see it you had it this matter is that you didn't see it but today in the name of Jesus somebody shall see something if you are that one who will see something say louder amen if you are the one who says something shout the Lord must say Amen what do I do with my life what is my vision how do I get it number one direction from the Lord number two Revelation from the world

number three passion and compassion of the heart passion and compassion of the heart please understand that there is a connection between your heart's burden and your life's bearing between the burden that is in your heart and the bearing of your life your heart's burden and your life's bearing it is possible to discover your bearing by discovering your burden there is a connection between your passion and your purpose or vision The Passion of your heart is connected to the purpose of vision of your life Nehemiah chapter 1 and in verse 1 when Nehemiah in the days of the Captivity the words of the himaya the son of hakalia and he came to pass in the mount kisly in the 20th years I was in shushan the palace that hananai one of my brethren came he and certain men in Judah and I asked them concerning the Jews that had escaped which were left of the Captivity and concerning Jerusalem and they said unto me the remnant that are left in the Captivity there in the province are in great Affliction and reproach the wall of Jerusalem also is broken down and the gates thereof are born with fire this man was in the palace let's go and he came to pass when I heard these words that I sat down and wept and mourned certain days and fasted and prayed before the god of Heaven I mourn said to this I fasted I pray this man was already the king's copier very very private star for the the King of Persia but he had a burden for the land of his fathers that burden made the king to release him back to fulfill that burden in the land of his fathers to become the Rebuilder of the wall of Jerusalem it was in his heart it was a concern it was a burden and that became his life's bearing many people are trying to ignore ignore their burden or ignore the burden and struggling to find their bearing it does not work in Acts chapter 7 and in verse 23 Acts chapter 7 and in verse 23 concerning Moses the Bible said and when he was full 40 years old it came into his heart to visit his brethren the children of Israel it came into his heart to visit his Brethren Moses was going to be the deliverer of Israel God was putting in his heart he was placing it in his heart he was placed in it in his heart and as it was in his heart God put it in his hand is God speaking to anybody here at all listen to this there is a connection you and what you will heal what God will use you to heal he will fast cause you to feel that is that is a connection between feeling and healing Nehemiah felt the pains of the broken down walls of Jerusalem and God used him to heal that which he felt David felt the Pains of Israel before Goliath who is this uncircumcised philistine that he will defy the armies of the Living God brother Elliot felt nothing you know the reason why our passions are different is because our purposes are different earlier felt nothing do naughty boy what are you talking about David turned aside from him I said what have I not done is now is that is there not a Cause can't you feel what I feel should I not say concise philistine a non-covenant child of the devil if you will humiliate the people of my God like this and you I should keep quiet I should watch God mocked like this and I keep quiet if you don't have purpose I have purpose if you don't know what to do with your life I know what to do in my life if nothing is paining you something is paining me and God used him to take down that Goliath that he felt pain about am I communicating why are there not many people who are talking about the challenges of Nigeria aimlessness purposelessness regarding the destiny of our nation as if church can happen if there is no country I have as if Services can hold if the roads are loaded with terrorists everywhere when we talk we are not trying to make a show we are not trying to prove boldness it's like a lion is not trying to be bold by roaring that is his nature an eagle is not trying to prove a point by flying ten thousand ten thousand what is that meters above sea level that is his realm foreign some time ago and the eagle if you brought normal normal meat for it

put in the fridge you're on your own for three days the ego was looking at him at the meeting wouldn't eat it when he became so hungry and tried to eat it he vomited it out because that is so he must eat it fresh have you ever watched an eagle before he would fly and patch on the back of a hyena on the back of an antelope and start eating it alive the animal is still moving he's eating it self they gave me and this is not my realm this is not don't give me don't give me something that is still trying to prove a point is nature can carry it that is how burden and passion is what what is driving you determines what you can drive what moves you determines what you can move what touches you determines what you can touch it and so you look at that Joseph was feeling bad and please take your seat Joseph was feeling bad about the state of the prisoners himself was a prisoner why is your countenance sad like this other prisoners saw the same boat land the same Beacon they didn't care if you like guy are we not all in prison why are you squeezing your face like you want to you want to you want to you want to cut the face anything you want to do with your life this is prison not Joseph are you okay why are you looking like this because he has the mantle of a deliverer he hated oppression with passion he has an anointing to put smiles on faces and delete the frown from people's faces so when he saw that he moved then God took him above the whole country and said Joseph you have this burden this is your bearing I put you in charge of helping people out of Sorrow somebody say allowed amen say louder amen because God is speaking to you shall the Lord will say man some of us your burden and passion can come from what you have passed through and experienced before that is nobody that I know or in my lineage must experience poverty poverty is it is a devil poverty almost that is someone for example you came out through the most terrible background of life my marital Harmony and marital dignity came out of the background of the kind of marriage and marriages that I experienced that I saw while growing up is not what I want to see and my children will see what I never saw and my my wife will see what my mother never experienced so out of that background s family life my children have enjoyed their life they are enjoying their life will continue to enjoy their life one young girl met me the other day with her mother she said to me say when I see you and your children I wish I had a father like that so the Lord bless you that was how we grew up am I communicating so there are things that you pass through that will affect what will pass through you I just said something now what you pass through passed through is connected to something that will pass through you what to pass through may be negative what is passing through you becomes negative because positive there is a connection between what you suffered and what you will offer that is to make up your mind that what I suffered My Generation cannot suffer my family cannot suffer the people I know cannot suffer you deploy yourself so your vision can come out of your passion out of your compassion even out of the pressures that you had gone through in life somebody say allowed amen somebody say a louder amen somebody shout the loudest amen it's a new day for you can you say it louder here man it's a new day for you it is a new day for you it is a new day for you God will use you to cause drastic positive changes in your generation [Applause] what you have suffered in time past of your life your generation will never suffer your children will never suffer your family members will never suffer shout the loudest amen [Applause]

number four access is manifestations of potentials or manifestation of potentials we access

vision from Direction from the Lord revelation from the word compassion heart and manifestation of potentials potential is key to purpose and vision potential see us now a man diligent in his business he will stand before Kings he will not stand before men ordinary men Proverbs chapter 18 verse 16 the gift of a man maketh room for him and bringeth him before greatness listen to this what you are wired to do determines what you will be hired to do by God by your generation you have been wired for things what you are wired to do is what you will be hired to do both by God and by your

generation what do I mean by wired let me use the aircraft example there is a difference between the helicopter and the what they call the fixed Wing aircraft the Jets and and all that because the helicopter is wired differently it has a purpose to land anywhere and to take off from anywhere but it cannot fly too fast cannot fly too high and it has a limitation by its wiring you can't take helicopter and say I'm traveling to America no I'm going to the UK well except you are ready to sleep on the road for four or five days that is his different wiring then you have the jet it's wired differently then you have the cargo plane the cargo has no window it's not meant to carry people it's meant to carry load is wired differently you can't see the the windows there except the Pilot's window it's wired differently then you have the smaller jet result and then you have a big Airbus buoins 777 can carry 300 people 400 people wire differently then you have the fighter aircraft it's wired differently this one is move his movement forward his Devastation backward [Laughter] s you can see how Wicked is looking [Laughter] if we pass people perish is wired differently the pilots that can that can fly this they are very rugged they can fly sideways they can turn it upside down that is flying with their head on the ground like that very rugged one of them testified there the other day they ever Smasher I followed so that is the as they are so are we we have different wirings some of us are fighter aircrafts hey looking for lester to beat in the night who will not let students rest hey hey look at somebody myself say what is your wiring Give the Lord a big clap and allow the shadow praise and take your seat in the presence of the Lord this is very interesting and exciting so your app to what you can do determines your altitude determines your altitude that means it determines how high can fly what determines what what you can do affects how high you can climb in life so this is the point you look into yourself you look into your potentials and you can begin to create vision Joseph LED in the house of potiphar he managed it well went further and mandate the prison well and then he began it became the manager of the whole nation of Egypt David had the potential of bringing down lions and bears that gave him the vision that Goliath was

was destroyable Daniel had the potentials of dreams and dreams interpretation that took him to the Palace so you watch yourself what are the gifts in me what are the potentials I've carried and how do I take my potential to the highest level it becomes a vision what God has put in me what God has given me the capacity and ability to do how do I move it to the highest level of it it becomes a vision someone say Amen one of my relations when I was growing up as a child like 12 years 13 years 40 years he told me he said you have a way with words he said the way you play with words so in time to come your eyes are going to address people or speak or teach or lecture or something that there's a way it is easy for you to just organize and arrange and just manipulate and just go through with words and he was saying what he sees he saw those Close to You including yourself can make certain comments about you based on what they see consistently that could have a bearing with what you may do am I communicating at all let me say this on the final note here I had this I had a story about children in America because most times parents encourage the children to play different games and so when the child is is Young I heard that they will put various of the balls in front of the child like crawling child this is table tennis this is a badminton racket or what is what is it's called and this is um mountainous and this is football and this is baseball and this is handball and this is any of the other balls and then the child will crawl will crawl crawl and go and arrest the basketball for example they will change the arrangement you will still come to where the basketball is this teaching the arrangement is equal so okay this boy is a basketballer all right so they will guard him in that game just direct him arrange him just point him in that direction you know children are arrows according to scripture and the and the purpose of an arrow is to be aimed you aim them well that is why it is important to understand and know your children so you can guide them and aim them at their Direction am I communicating at all and then this child grows up and then the child begins to go for

basketball and before you know it is a world renowned basketballer because that potential was discovered in childhood what you love to do as a connection with what you will live to do you love to do it you are likely going to leave to do it but I'm not talking of negative things nobody should say I love to eat this means you will live to eat no no I love to sleep disaster Hallelujah Hallelujah and so this is the place of potentials lift your right hand and say after me say father I receive the grace to discover everything you have put inside me I have I received that Grace now in the name of Jesus to discover everything you are put inside me thank you Lord in the name of Jesus Give the Lord a praise Give the Lord the praise Give the Lord a praise Give the Lord a bigger clap and a lot of Shadow praise [Applause] finally how do I arrive at vision

number five is true inspiration from higher vessels through inspiration from mentors

Acts chapter 4 verse 13. the Bible said when they saw the boldness of Peter and John and perceived that they were unlearned an ignorant man they took knowledge of them that they had been with Jesus these people were with Jesus to a point we have something in their lives changed a wise man said if I have seen any any father It Is by standing on the shoulders of those who have gone ahead of me I think that was Newton if I have seen any further is because I stood on the shoulders of those who went ahead of me Judges chapter 7 verse 17.

Gideon was telling the people following him he said unto them look on me and do likewise and behold when I come to the outside of the camp it shall be that as I do so shall you do you play your role well when you have connected with good role models your role in life you play your role at your best when you have been able to connect with good role models you go through scriptures you see the example of Peter and John the inspiration they drew from Jesus you look at Peter especially in Acts chapter 9 verse 40 to verse 41 how Jesus raised Dorcas raise the Jairus daughter came a pattern for how Peter will raise Dorcas from the dead he saw it all of Elijah second Kings chapter 2 verse 8. Elijah stood in front of Jordan took his man to rapt it together and smelled the waters and they were divided hither and feeder so that the two went over the right ground that was what Elijah did what did Elisha do second Kings chapter 2 verse 13 to 14 he saw what his master did he took up also the mantle of Elijah that fell from him and went back and stood by the bank of Jordan and he took the mantle of Elijah that fell from him and smoked the waters and said where is the Lord God of Elijah and when he also has smitten the waters they parted hither until he also he saw it from his father and it became his vision me too I will part the Jordan and he was able to Part the Jordan somebody said allowed amen somebody said the Lord they say Amen dear husband watched William Branham minister after dear husband had come come back from India as a failed missionary and he saw the administration and all moral Miracles were happening cross eyes were getting healed all manual things and the voices began to speak the voice began to speak the voice of the Lord you too can do that that was what Jesus did the apostles did the same long story nature husband went from there locked up himself in prayer and the same order of Miracles became his order by watching a role model Benson idahosa was on the grounds of Ronald Roberts University also popular on the grounds there I looked herself this can happen anywhere God did this or a robot University at Tulsa Oklahoma it can happen anywhere and the rest of it they say is history when I was growing up as a Young Man I had three models for marriage in the life of dear husband and there's the husband they were just like that many start together Charles and Francis Hunter they are no more alive both of them were healing in Healing Ministry how to heal the sick their model and then Kenneth and Gloria Copeland those are still alive today I saw these three models before I ever got married how a man and his wife can be Ministry and serve God together and have beautiful marital relationship and I looked at it I said this is the kind of life I'm going to live and God has given me the grace and us the grace to see

such kind of things I have ministered in places stepped into Minister the blind saw the dev head the crippled walk and so on and so forth one day which was posted to pastor church in in maraba she said sir we have organized Crusade and we want you to be the guest speaker I said okay I'm coming so I arrived and they gave me the microphone and I said in the name of Jesus all of you are blessed the Lord caused his face to shine upon you I think something like that it is well with you and all your Miracles God will answer you in Jesus name by have a wonderful evening Dr Mr nature will continue the preaching she said what you are leaving me what do you expect me to do go ahead and preach who will preach you who will pray for the sea you open air Crusade which year was this which year was this 2000 and 2004 or something 2005. you are the one that will preach and I entered the car she said when she was watching me entry like I said you mean you are going to go like that I said I have already gone that day what happened after all manner sickle cell anemia child that was SS Tonto a a blind all manner happened I stepped off I I did like a mother Eagle that will push out the eaglet and say to the eaglet push out your wing and fly you two have wings

[Applause] Hallelujah I would not have dared it does maraba church right there they already did the the building and Allah that are enjoying their lives in maraba church maraba is Give the Lord a praise slightly overflow my rubber Hallelujah Hallelujah somebody say aloud amen but you first see it the reason why so many people in our generation don't achieve much is because they are busy attacking those they should learn from they are waving now some slight delay do you understand what I'm saying they are busy criticizing people that God put in front of them they are busy he is a terrible demon in our generation terrible demon what about this sanctuary I saw God Savage started at 50 000 star they told him the filter Tabernacle I saw the foundation I saw the groundbreaking I saw the building Rose we drove around it when the roof was being dog were there we had services in it when the roof wasn't completed yet the rain beat us under it in August I believe of 1998 so when it was time when God said something like this was to happen no button of the eyelid I have seen it before it's possible there it is people here and I saw how that place run one service two Services three services wow wow fifty thousand seater can be filled until it has three services all right it means that seventy five thousand hundred thousands and liter can be filled what a mighty mighty mighty God we serve I prophesy to you the good things you are seen around or anywhere that you desire shall be reproduced in your life amen any good thing you see around that you desire in your life shall be reproduced in your life shout the loudness amen I said every good thing you are seeing around here that you desire in your life shall be reproducing your life look at the number say I am I am being inspired so I cannot expire help me tell three people around you like that say I am being inspired so I cannot expire I am being inspired so I cannot expire I am being inspired so I cannot expire did the Lord a big clap and a shadow praise [Applause]

Notes: Accessing Vision (How to Derive Vision)

Source: <https://www.youtube.com/watch?v=iNkZOUtKSw8>

Introduction/Background

Once you know your Purpose/Calling in life, the next thing is converting or deriving Vision from your Purpose/Calling. And how you derive this Vision is important and critical. Thankfully, Dr. Paul Eneche's does very good justice to this critical issue. I have summarized and stratified it for simplicity and clarification.

Notes from the Preaching/Video

Use the following ways/channels to derive Vision from your Purpose/Calling.

1. Direct Direction from the Lord

Spiritual Encounter & Revelation: Dream (Joseph), Voice (Saul/Paul), Trance, Still Small Voice, Inner Witness, etc.

2. Indirect Direction from the Lord

a. Seeing the Word

- i. A word of the Lord becoming clear/concrete or meaningful to you, as to the direction, action you should take.

b. Prophetic Directions

Remember prophetic direction may come not only through those in the Prophetic office or Charisma.

The above two requires you to

- Delight in the Lord
- Trust the Lord
- Leaning not on your understanding but on
 - God (Directly, The Word, The Holy Spirit)
 - Other Councilors (Your Pastor, Other credible Pastors, etc, Christian Mentor, Coach, etc.).
- Acknowledge God in all your ways

3. Your design and shape

- a. The extent to which you have developed your potentials, abilities and gifts; your aptitude determines your altitude

Meaning the extent to which you refine and expand your potentials can influence how far you go with your Purpose/Calling.

If you are willing to invest in yourself, unearth your full potential, you can expand how big you envision your Purpose/Calling in life.

b. Your burdens and passions

How much your burdens and passions weigh on you influence how far you go with your purpose.

Creating Vision or Envisioning based on your design and shape requires

Critical and ongoing evaluation of your design and shape and refining and expanding it appropriately to open new channels of your vision.

4. Inspiration from Mentors, Role Models, etc.

- Gideon: on me look on me and do likewise
- Peter raising Dorcas according to Jesus' model
- Elisha and Elijah parting the Jordan same way
- T. L. Osborn and William Braham
- Apostle Selman has said several times, that his desire, envisioning and stepping into Vision for healing Ministry was through watching the healing and miracle videos of Charles Hunter and his wife Frances Hunter.
- Bishop Oyedepo's Faith Covenant University was inspired by Oral Roberts University
- Dr. Enenche: I have stood on the shoulders of those who have gone ahead. Dr. Enenche's 150,000 Church Capacity church was inspired by Bishop Oyedepo's 50,000 Church auditorium

Key requirement regarding Inspiration from Mentors requires (Assuming you already have a good mentor or role model)

- **Honour;**
- **Close Observation and Learning;**
- **Serving**
